MRHB LED
Round High Bay

APPLICATIONS

This round high bay fixture easily replaces most HID, induction, and fluorescent high bay fixtures. The MRHB incorporates a lens that contains microsphere technology giving it a unique glare reducing aesthetic while also producing highly efficient distribution. The fixture is available in two wattages, 120 and 210 Watts, that provide a minimum of 127 Lumens per Watt. The aluminum housing design allows for great heat dissipation and LED performance.
