

APPLICATIONS

Premium grade recessed troffer dish with a center basket that provides direct/indirect light with modern styling and high visual comfort. For use in commercial and industrial buildings where low glare, high quality, design and ease of installation are required.

FEATURES & BENEFITS

- ◆ Contemporary shallow design
- ◆ Single basket shaped perforated metal shield
- ◆ Translucent opal white acrylic diffuser overlay
- ◆ Clean appearance with no exposed fasteners
- ◆ Solid metal basket available for indirect lighting
- ◆ _cETL_{US} listed for damp location

SPECIFICATIONS

Housing is a die-formed from cold rolled steel. P3 - Post Powder Paint finish in a matte white. Indirect reflectors are precision formed and contoured to provide soft indirect illumination while maintaining high efficiency and wide uniform lighting distribution. Die-formed steel basket is perforated for direct illumination with a translucent opal white acrylic overlay diffuser for visual comfort. Perforated basket flexes over mounting studs on housing for easy installation. Wiring access plate or knockouts are provided on back of housing for flexible conduit attachment. Hole provided for chain mounting support to building structure. Surface mount options are available.
