SERIES RKDIW LED
LED Troffer Retrofit Kit

APPLICATIONS

These unique LED Retrofit Kits are an energy efficient, easy to install door frame solution to upgrade your fluorescent troffers to LED. Compatible with both standard and narrow T-grids, they offer a simple retrofit that will improve the look of your ceiling with its architectural styling without the need to actually break the ceiling plenum. This kit offers a true Indirect/Direct solution that not only provides a more energy efficient solution but also the true comfortable performance of an indirect/direct fixture designed especially for workspaces with CRTs. The main diffuser and slanted troffer help reduce glare and create a pleasant, uniform throw of light. With this kit, you will get the energy savings and performance of the latest technology without the fuss and mess of changing out complete fixtures.

FEATURES & BENEFITS

- Constant current LED drive
- Input voltage 120-277V
- High efficiency 130+ Lumens per Watt
- 5 year warranty
- cULus Listed for Damp Locations
