

APPLICATIONS

These unique LED Retrofit Kits are an energy efficient, easy to install door frame solution to upgrade your fluorescent troffers to LED. Compatible with both standard and narrow T-grids, they offer a simple retrofit that will improve the look of your ceiling with its architectural styling without the need to actually break the ceiling plenum. This kit offers a true Indirect/Direct solution that not only provides a more energy efficient solution but also the true comfortable performance of an indirect/direct fixture designed especially for workspaces with CRTs. The main diffuser and slanted troffer help reduce glare and create a pleasant, uniform throw of light. With this kit, you will get the energy savings and performance of the latest technology without the fuss and mess of changing out complete fixtures.

FEATURES & BENEFITS

- ◆ Constant current LED drive
- ◆ Input voltage 120-277V
- ◆ High efficiency 130+ Lumens per Watt
- ◆ 5 year warranty
- ◆ cUL_{us} recognized as retrofit

SPECIFICATIONS

The RKDIW retrofit kits are compatible with both standard and narrow T-grids. A great upgrade solution for fluorescent troffers to LED. Provides a stylish architectural look without breaking the ceiling plenum, also provides a more efficient solution with greater energy savings and performance of the latest technology without the fuss and mess of changing out fixtures completely.
