

SERIES RKSR
Universal Strip Retrofit Kit w/Reflector
RKSC
Universal Strip Ballast Cover Kit

APPLICATIONS

Designed to covert 4' or 8' T12 or T8 industrial and strip fixtures to more efficient LED technology. Choose between retrofitting with a reflector for enhanced performance or simply a ballast cover. Both kits utilize a Universal Socket Bracket engineered to fit most fluorescent channels from 4" to 5.25" in width. The Reflector/Ballast Cover and the LED module are for easy maintenance after retrofit is complete. The LED module is easy to install in channels and requires only simple hand tools.

FEATURES & BENEFITS

- ◆ Easy to install and maintain
- ◆ Mounts easily with simple hand tools
- ◆ Precision formed
- ◆ Die formed cold rolled steel body
- ◆ Whips, wire guards, and tube guards. Consult factory for details

SPECIFICATIONS

Die formed cold rolled steel body with heavy duty construction. White pre-painted steel for RKSC. Precision formed, high performance, premium mirrored specular reflector or enhanced white reflector for RKSR.

MOUNTING OPTIONS

The universal strip retrofit kit mounts easily, requiring only simple hand tools. The process includes removal of the existing ballast cover(s) and removal of the existing socket brackets and ballast. The new reflector is then attached to the existing strip channel. The reflector serves as the ballast cover. Mount and connect new ballast to LED module. Close the reflector using captive quarter turns.
