

APPLICATIONS

This graceful direct/indirect solution creates a bold luminaire, while providing a comfortable atmosphere. Wide winged reflectors effectively direct light, while adding a soft glow and presence to the fixture. A gentle up-lighting effect creates a distinctive look for task or general applications. For use in indoor applications where low glare, high quality and ease of installation are required: office areas, retail stores, classrooms, corridors.

FEATURES & BENEFITS

- ◆ Single, basket shaped perforated metal shield
- ◆ Translucent, opal white acrylic diffuser overlay
- ◆ Clean appearance. No exposed fasteners.
- ◆ Easy re-lamping and re-ballasting
- ◆ Surface, stem or chain mountable
- ◆ Suitable for continuous raceway and row mounting
- ◆ Available with 2 or 3 lamps
- ◆ Uses T5, T8 lamps

SPECIFICATIONS

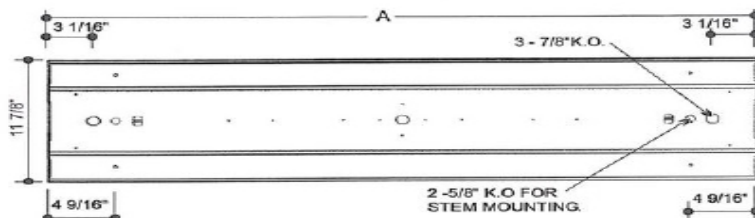

Shields are perforated for direct and indirect illumination and contain a opal white acrylic overlay for visual comfort. Indirect reflectors are precision formed and contoured to provide a soft, low-glare, indirect illumination, while maintaining high-efficiency and a wide uniform light distribution. Mounting holes are provided. Knock-outs are provided for stem mounting. Mounts over electrical junction box. Die and brake-formed, heavy gauge steel housing assembly. Die-formed, perforated cold rolled steel shielding. Metal shielding flexes over mounting studs on housing, for easy installation and re-lamping. White polyester powder painted visible surfaces. Rotary lampholders ensure positive lamp retention.
